

**ETA KAPPA NU Recognition  
For The C. Holmes MacDonald Outstanding Teaching Award  
For Young Electrical and Computer Engineering Professors**

The C. Holmes MacDonald Outstanding Teaching Award is conducted to emphasize among young electrical and computer engineering teachers and educators the value of their service. Eta Kappa Nu (HKN) holds that excellence in education and the instilling of a spirit for the acquisition and sharing of knowledge is one of the most valuable services to society.

As evidenced by his/her past record and future promise, this recognition shall be given annually to a young electrical/computer engineering professor for outstanding contributions and achievement in teaching, scholarship, research and innovation, and for civic and industrial relations. It is the intent of Eta Kappa Nu that the description of the character of the contributions for which the recognition may be awarded shall be liberally construed.

**Conditions of the Award**

1. Any faculty member of a recognized college or university where HKN has an active chapter, and who has not reached his/her 36<sup>th</sup> birthday by February 15 of the award year.
2. Consideration will be given to all points under item 10 of the Nomination Form, with particular emphasis on outstanding teaching accomplishments.
3. Nominations shall be made on the Nomination Form (with associated attachments) provided by The HKN Association, and shall be submitted by November 1<sup>st</sup> of each year to the Award Administrator.
4. The following may make nominations:
  - a. Any member or group of members of Eta Kappa Nu
  - b. Any section or group of the Institute of Electrical and Electronics Engineers (IEEE)
  - c. The chair/head of the Electrical/Computer Engineering Department and/or dean of any College or University
5. The Jury of Award shall be appointed by The Philadelphia Alumni Award Committee and shall consist of two present or past national officers of Eta Kappa Nu and three or more prominent engineers in education or industry.
6. Announcement of the outstanding young electrical/computer engineering professor chosen from among the nominees by the Jury of Award will be made as soon as is consistent with a careful survey of all of the candidates' credentials. The Jury also reserves the right to make no selections, when, in its opinion, no candidate with the necessary qualifications is presented. The candidate selected will receive appropriate designation by Eta Kappa Nu as the outstanding young electrical/computer engineering professor.
